Women's History Month

This March, we celebrate Women's History Month by honoring the many women who have shaped education and opened doors for future generations.

Visit our bulletin board display highlighting inspiring trailblazers such as Maria Montessori, Mary McLeod Bethune, Savitribai Phule, and Malala Yousafzai, whose work expanded access to learning around the world.

Their stories remind us that education is a powerful force for change. We invite everyone to stop by, learn more, and reflect on how we can continue to support equity and opportunity in education today.

Did You Know?

Teacher candidates preparing for OSAT or APK exams can take advantage of the **FREE** virtual support sessions led by NSU faculty in partnership with OEA. Open to potential members, these sessions are a great way to strengthen your preparation at no cost if you're testing soon. You can find the flyer with more info below!
