M.Ed. in Teaching

Visit with your faculty mentor today for more information.

Transcripts from Other Schools

Have you recently taken a class at another college? Make sure that you get an updated transcript from that college turned into NSU as soon as possible. If your transcript is not up to date, a hold will be placed on your account that prevents you from adding or dropping courses for fall and spring.

Degree Works Audit

Check your Degree Works audit through your goNSU account on a regular basis so you can stay on track of your progress towards your degree! If something does not look right or you have questions, contact your academic advisor right away.

Meet our new Tahlequah Academic Advisor!

Danielle Smith is the newest member of the College of Education advising team! She is an NSU alumni and just completed her Masters in College Personnel. She will be advising Tahlequah students last names K-Z and is located in Krista Wheeler's old office, Bagley 208.

**Schedule a summer and fall enrollment appointment
with your advisor soon!**
